

PUPIL FREE DAYS

TERM TWO

Curriculum Day

Friday 31st May

TERM THREE

Student Led Conferences

Friday 19th July

WINTER ILLNESS

With the cold winter weather, we have seen the arrival of colds, flus and an increase in Covid cases. In the past two weeks we have sadly had a large number of both student and staff absences. We send our best wishes to students, families and staff who are unwell at the moment and wish them a speedy recovery. We thank parents for keeping their children at home if unwell and really appreciate the parents who have not hesitated to pick up their child if they are unwell while at school. Thank you!

Given the number of staff who have had Covid or are unwell, along with staffing shortages that are reported in the media, we have had difficulty finding replacement teachers. On some occasions this has led to the splitting of grades. Please note that this will be a last resort but sometimes our only option.

SIBLING ENROLMENTS

NEEDED ASAP

We have now had the pleasure of doing a large number of tours and showing prospective new parents our fabulous school and students. As we start to plan the number of prep grades we will have for 2025 it would really help to know how many siblings will be attending. Thank you to parents who have already picked up enrolment forms. Please return enrolment forms along with your child's birth certificate, immunisation and purple permission forms asap.

LUNCH TIME ACTIVITIES

In terms 2 and 3 we offer a variety of lunch time activities. This term students have enjoyed:

- Chess
- Mindfulness colouring
- Dodgeball
- Karaoke dancing
- Board games
- Library
- Lego

Thank you to the teachers who support our children during lunch time and run these activities. We look forwards to offering them again in term 3.

STOMP DANCE

In term 3 we are looking forward to having STOMP Dance lessons again. All students in grades Prep—6 will get a weekly dance lesson as per 2023. The aim of this program is to develop fitness, coordination, gross motor skills, social interaction and gain valuable dance proficiency skills.

Stomp dance sessions will generally run on Fridays, with the exception of week 1 which will be on a Tuesday.

These lessons will teach all of our students the dances that will become part of our concert on Thursday 12th of September .

“The Great Primary School Mystery”.

More information to come!

SAFETY CONCERNS / TRAFFIC ISSUES

As mentioned in a recent Sentral post, we have recently seen an increase in the number of parents parking illegally in NO STOPPING ZONES or Disabled Parking Spots.

We appreciate that there will always be traffic and parking issues at 3.30pm due to the high volume of students leaving both Tyabb PS and Flinders College. With patience the traffic is always clear by 3.50pm. We urge you to consider your children's safety and the safety of others when you are dropping off and picking up from the school by considering the following:

- Please obey all parking restrictions and signage including NO STOPPING zones. Parents are not permitted to park opposite the school and crossing this road is extremely dangerous for both you and your child. NO STOPPING zones are there to keep people safe and are fully enforced with fines given when breached.
- Obey the 5 minute parking rule at the front of our school between 3.30 – 4.00pm. Stress to your child to 'watch and wait' so you do not need to get out of the car to look for your child. A speedy changeover of cars improves the flow of traffic.
- Please do not stop and wait in the middle of Jones Road for a spot. This blocks the flow of traffic. If there is not a parking spot please keep moving along to see if there are spots further on. Parents often stop when there are spots further on. If there is not a spot continue along Jones Road, turn around and come back for another attempt. To turn around you must drive around McLaurin Drive and turn back on to Jones Road or continue to the Bungower roundabout.

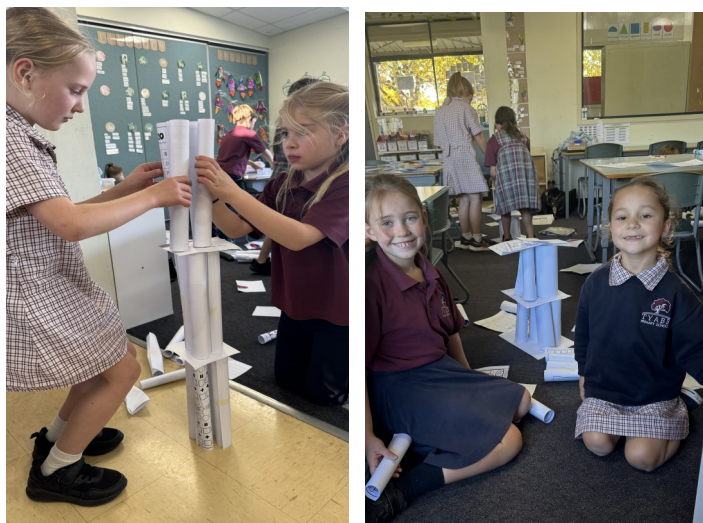

DISABLED PARKING – IT IS ILLEGAL TO STOP OR PARK IN A DISABLED PARKING SPOT WITHOUT A PERMIT

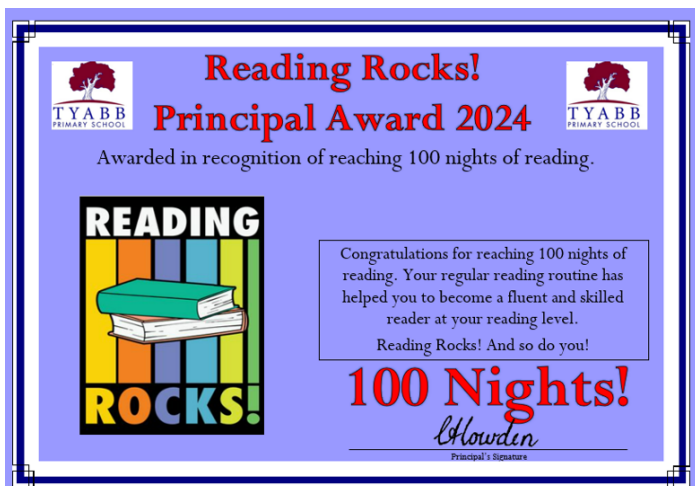

We currently have two parking spots at the front of our school designated for disabled parking. These are clearly marked with both a painted symbol and sign. A disabled parking space can only be used by someone who has been issued with a blue / white disabled parking permit displayed prominently in the vehicle. **Parking in these spaces without a permit is illegal and can lead to a significant on the spot fine.** We appreciate that parking spots are limited at our school but need to ask that you be considerate of our parents and visitors with disabilities that limit their access in to our school.

MORE PHOTOS FROM EDUCATION WEEK

Grade One STEM challenge to make the tallest free standing tower. Well done Grade One!!

100 AND 200 NIGHTS OF READING

To promote a love for reading and a regular reading routine I am proudly presenting all students who reach both 100 nights and 200 nights of reading with a special Principal certificate and award.

Each week students who reach these milestones will be called down to the office to be presented with this award. I have already had **125 students reach 100** nights and look forward to congratulating many more in the coming weeks—hopefully all 410!

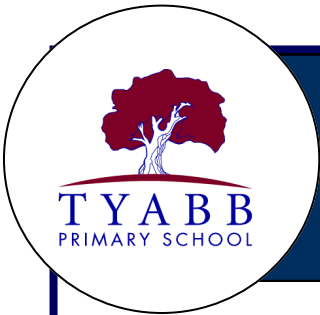

CRAZY HAIR DAY

On Friday we had a free dress, crazy hair day with a gold coin donation to raise funds to support Ronald McDonald Charities. We thank all of our students and teachers for getting in to the spirit of things and creating crazy hair styles. Thanks to your efforts we raised \$434.20—well done everyone!

Well done Mrs Grinsted and Mrs Earl!

Some more photos to come!!!

What's Happening

Term 2

Please note that this page will be updated each newsletter as new events are scheduled

Term 2	
Friday 31st May	Curriculum Day—No students attend school
Monday 3rd June	School Assembly
Friday 7th June	Prep Chesterfield Farm Excursion

DONATIONS

Tyabb Primary School

HPV Bunnings Barbecue Saturday 22nd June

Come along to buy a sausage or show your support by donating to help us get organised for the barbecue. You can donate your time on the grill, some money to help purchase supplies for the cook up or maybe you know a business who is willing to donate to our cause.

All money raised on Saturday 22nd June will be going towards sending our teams of energetic grade five and six students to the RACV Energy Breakthrough Human Powered Vehicle Challenge, an annual event held in Maryborough, Victoria every November.

If you can donate your time, the time slots are:

9.00—11.00am, 11.00am— 1.00pm, 1.00—3.00pm & 3.00—4.30pm

Please contact: Tania Matthews on tania.matthews@education.vic.gov.au

if you can support the teams in anyway.

We Need You!

Tyabb Primary School's HPV team are looking for new sponsors for the 2024 season. If you or somebody you know runs a business, please let them know that their support can mean that the HPV program continues to operate and thrive at Tyabb PS.

Past sponsors have assisted us financially to purchase new equipment, make modifications to our vehicles and help send our riders to Energy Breakthrough in Maryborough each November.

For further information, please contact Amy Monea:

amy.monea@education.vic.gov.au

Classroom Capers

Grade 2A have been learning so much this term and we are excited to be filling our classroom with colourful artworks, and projects we have been working on.

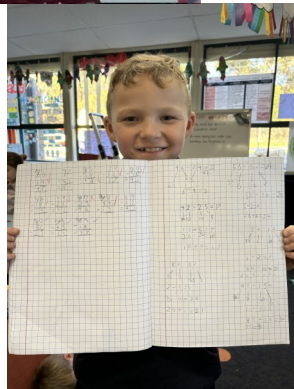

Celebrating Indigenous People, Culture and Histories

Last week we began our Indigenous Studies Inquiry Unit, with a focus on National Reconciliation Week and National Sorry Day. We have been learning about the rich history, culture and connection to the land of Aboriginal and Torres Strait Islander people.

We learnt more about “Welcome to Country”, what it means and it’s significance to both Aboriginal and Torres Strait Islander people. We also reflected on significance of ‘Sorry Day’.

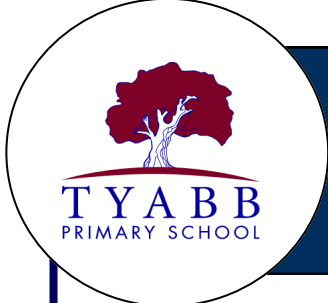

Procedural Writing—We are learning about ‘Procedural Writing’ this week. We blended science and writing to design, make and test a parachute that would help our ‘teddy’ land safely. We made and modified our designs, learning all about air resistance in the process. It was lots of fun, especially eating ‘teddy’ at the end.

Super Subtraction Strategies

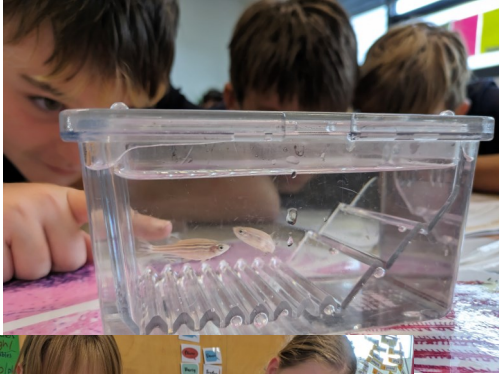

We have been learning about the many strategies we can use when solving subtraction problems such as ‘jump strategy’, ‘split strategy’ and ‘vertical subtraction’. The children can’t wait to come home and show their families what they’ve learnt. Better brush up on your subtraction skills, the kids love teaching the grown ups a thing or two. :-)

Science

On the 10th of May, Grade 6 had an incredible opportunity to get up close and personal with some zebrafish from Monash University. Students investigated the question **are zebra fish an appropriate model to use for studying the human body and human health.**

Students had the opportunity to examine real adult zebrafish as well as transparent embryos in various stages of development under a microscope.

They analysed research which outlined the similarities and differences that the fish have with human beings. We found that zebrafish share 73% of genes with humans and are actually quite comparable to humans in terms of their organs and development.

Overall, it was an enriching experience which exposed students to the world of biomedical research. We are grateful to our presenter from Monash, Elissa, for sharing her knowledge and enthusiasm with us.

Specialists Snippets

Physical Education

Division Cross Country

On Wednesday 29th of May, 14 students from Tyabb Primary School attended the Division Cross Country held at Hastings Foreshore. With a beautiful weather day for running provided, students were able to give their best efforts which they did.

Students competed at this event because they finished in the top 10 for the District Cross Country held a few weeks ago.

The day started with the 10 and under girls running their 2km race. We had Asiani finish 17th, Quinn finish 34th and Steph finish 36th. Well done to these 3 girls.

The next race saw Jy and Ashton compete in the 10 and under boys age group. They both did an outstanding job with Ashton finishing 29th and Jy finishing 9th and earning a chance to run at the Regional level which will be held on June 12th. Congratulations to you both with a huge good luck to Jy for the Regional level.

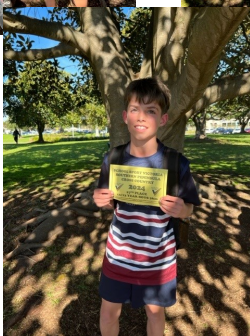

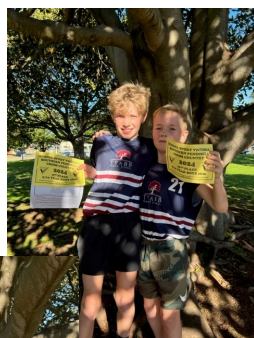

The 11 year old girls race was up next which had Kayla, Alexis and Freya compete. These 3 girls ran their hearts out, putting in an excellent effort and should be really proud. Kayla finished 17th, Alexis finished 32nd and Freya unfortunately could not finish the race due to injury.

Next up we had Jaden and Loch compete in the 11 year old boy age group. These boys had to really push themselves and ran a really consistent race with Jaden finishing 28th and Loch finishing 30th.

The last 2 races were upon us with the 12/13 year old girls competing. Tyabb had Paige and Addi compete in this race. These 2 girls did a fantastic job with the speed of this race being very quick. Well done to Paige for finishing 17th and Addi for completing the race through some injury. You should both be very proud.

Lastly we had Leo compete in the 12/13 year old boy age group. Just like the girls race, this was ran at a super quick speed with Leo being within the pack the whole race and finishing really strong. Well done on finishing 27th Leo.

Congratulations to all of our students. Tyabb Primary School and the wider community are really proud of your efforts.

Camp Australia
Guiding Children's Growth

Your OSHC. ROCKETEERS

Hello Families,

Last week at OSHC we celebrated **World Bee Day**. The children were involved in lots of bee activities and shared what they knew of the importance of bees and what would happen if bees became extinct. With this knowledge the children created a giant bee display in the OSHC room that we can look at and enjoy for the next few weeks.

This week we celebrated **National Reconciliation week** to promote and support equality, institutional integrity and learn about our shared histories and achievements that value aboriginal and tore's strait islander people. The children created lots of aboriginal art work and made boomerangs to celebrate this special week.

Activities coming up

- Blow painting- volcano eruption
- Winter craft
